> Siphons

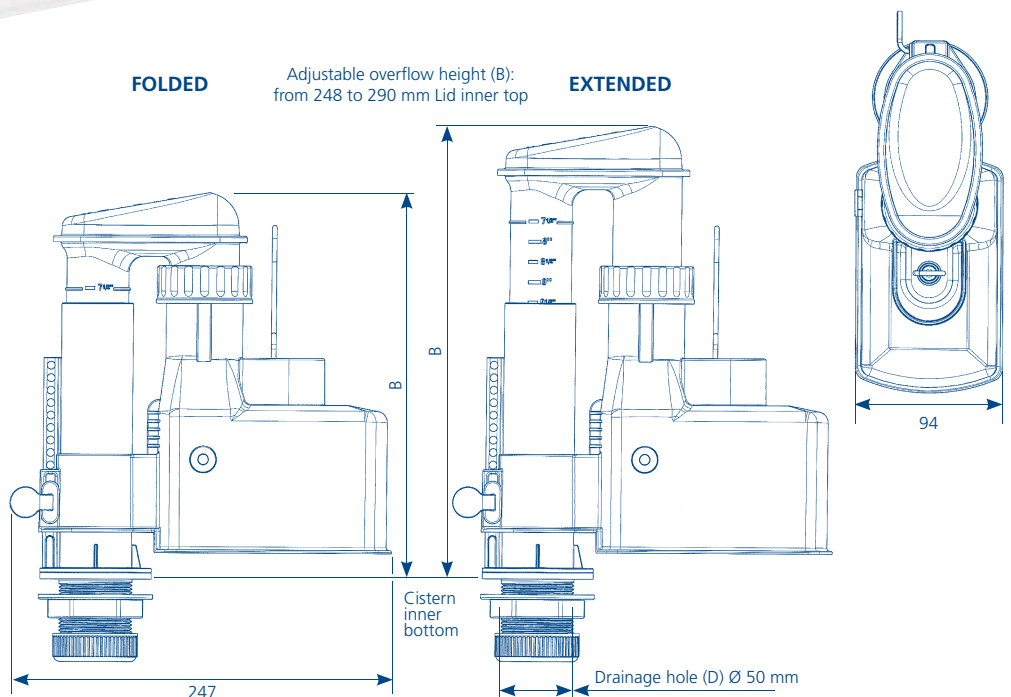

UNISIPHON

The Siamp UNISIPHON is unique in that it replaces the need for having to stock multiple sizes of siphons. Adjustable from 7½" to 9½" and manufactured to the very high and exacting WRAS standards, Siamp UNISIPHON suits all applications including high level, low level and close coupled. Siamp UNISIPHON are supplied two-part for quick and easy separation from the down leg enabling servicing to be carried out without the need to dismantle the cistern and turn off the water supply.

Universal Telescopic Siphon (32800407)

- > easy to install
- > easy to maintain
- > universal application
- > 7½" to 9½" telescopic siphon
- > significant reduction in stockholding
- > always the right product for the job

> Deluxe Component Pack

The Siamp deluxe component pack can be installed with any plastic or ceramic cistern.

Features and benefits are:

- > Height adjustable inlet valve
- > Adjustable overflow every 4mm
- > Dual flush operation
- > Adjustable small flush
- > Foam doughnut washer for compensating pan irregularity
- > 10 year manufacturer's guarantee

The pack consists of:

- > Optima 50 c/w 470mm Cable, 2" Outlet and Button
- > Additional Bayonet Strainer, Nut and Seal 1½"
- > 99T ½" Brass Inlet Valve Low Pressure
- > Pan to Cistern Bolts
- > Doughnut Washer

> Standard Component Pack

The Siamp standard component pack can be installed with most plastic or ceramic cisterns.

Features and benefits are:

- > Adjustable overflow every 4mm
- > Dual flush operation
- > Adjustable small flush
- > Foam doughnut washer for compensating pan irregularity
- > 10 year manufacturer's guarantee

The pack consists of:

- > Optima 50 c/w 470mm Cable, 2" Outlet and Button
- > 99B ½" Plastic Inlet Valve
- > Pan to Cistern Bolts
- > Doughnut Washer

Standard Component Pack (99B) (37998007)

> Skipper 45 Component Pack

The Skipper 45 dual flush component pack can be installed with most ceramic cisterns.

Features and benefits are:

- > Adjustable overflow every 4mm
- > Dual flush operation
- > Adjustable small flush
- > Foam doughnut washer for compensating pan irregularity
- > 10 year manufacturer's guarantee

The pack consists of:

- > Skipper 45 flush valve with 2" Outlet and Button
- > 99B ½" Plastic Inlet Valve
- > Pan to Cistern Bolts
- > Doughnut Washer

Skipper 45 Component Pack (99B) (33995007)

> Storm 33A Component Pack

The Storm33A single flush component pack can be installed with most ceramic cisterns.

Features and benefits are:

- > Adjustable overflow every 4mm
- > Single flush operation
- > Foam doughnut washer for compensating pan irregularity
- > 10 year manufacturer's guarantee

The pack consists of:

- > Storm33A flush valve with 2" Outlet and Button
- > 99B ½" Plastic Inlet Valve
- > Pan to Cistern Bolts
- > Doughnut Washer

Storm 33A Component Pack (99B) (35995007)

> Flushing Valves

OPTIMA RANGE

The Optima range of flush valves are neat & compact, suitable as a direct and simple replacement for any flush valve. With the addition of a dual flush capability, enabling large water savings, which is ideal for the "climate" conscious, and those on water meters. This range of valves is easy to install. They are serviced simply by removing the main body from the unique "bayonet" style fitting.
